It Looks and Is a
Landslide.Illinois and Wisconsin
Democratic.Ohio and Indiana Are
In Doubt.Kansas and Minnesota
Mixed.The Democrats Claim
Nearly Everything.

WASHINGTON, Nov. 9.—The president gave up the election when he heard from Illinois, remarking: "If Illinois has gone democratic that settles it," and he requested that no further returns be sent to him. Mr. Tibbitt, his stenographer, was this morning still figuring upon some possible combination which might snatch victory from defeat, but with very indifferent success, even in his own mind. The president arose at his usual hour, glanced over some of the latest returns which had been prepared for him, and then calmly devoted himself to legislative business, saying nothing. Attorney General Miller and Secretary J. W. Foster, of the state department, are the only two members of the cabinet in the city. Attorney General Miller was somewhat prepared for defeat by the forecast of doubt which he brought back with him from his hasty visit to Indiana, but he was far from anticipating so complete a "slump." Secretary of State Foster is not an active politician. He was paired with Colonel Dick Bright of Indiana. Ex-Secretary Blaine declines to be interviewed on the result, and has had the telephone removed from his residence in Lafayette square so as to avoid the annoyance of perpetual calls.

Harrison Shows No Disappointment. The president was upbetimes, but no sign betrayed his thoughts or indicated his feelings. That was not surprising, however, for he is a most unimpassioned man. He asked for the news and when he received it paused a moment in thought and then took up some work upon which he had been engaged on Monday and applied himself to it, apparently as unconcerned as if no election had taken place. After awhile he called for Mr. Tibbitt, and when that attaché came out of the executive room he said he had hoped that further returns would show that both Indiana and Illinois would be found in the republican column, and that some changes in the new world at least throw the election into the house.

The returns last night were received with a great deal of enthusiasm; there was surprise after surprise for both democrats and republicans, but when a private dispatch from Chicago was read about midnight stating that Illinois had gone for both Cleveland and Albiged the crowd which fringed the press club set up a howl that was taken up by those on the other rim and carried down the avenue.

Gossip on the complexion of the Cleveland cabinet is already heard. According to the most intelligent conjectures, William Whitney will be secretary of state. There is only one thing to prevent him—his inclination—for Grover Cleveland owes more to "Fool Killer" Whitney for his reelection than to any other man in the party or out of it. There is some talk that Whitney would prefer the English mission, some that he would prefer to be the next senator from New York. But the head of the cabinet is superior to either position, and there is little doubt that Whitney will select it.

TAMMANY'S HEAD SWELLING.

The Big Victory Completely Does Up
the Greedy Braves.

NEW YORK, Nov. 9.—The town isn't big enough to hold Tammany. The tigers are everywhere celebrating and looking for republicans to taunt, but republicans are hard to find. At 8 o'clock last night, when it was known that Cleveland had carried New York, the enthusiasm of democrats was unbounded. The streets, district political headquarters, the Manhattan club and nearly all the saloons were scenes of wild excitement. A good many thousands haven't stopped celebrating yet. The result was particularly gratifying to Tammany, for it was on trial before the country. As it were, and a small majority would have been a conviction of the wigwag on the off-beat charge of killing Cleveland. In the face of the majority of 75,634 for Cleveland in the city, only a few votes behind Gilroy, the Tammany candidate for mayor, there was no question of Tammany's loyalty. The five figures speak louder than many columns of arguments. That Tammany got out and worked with its coat of arms, determined to show the country that it could be as loyal as it has at times been disloyal, is very much in doubt.

Boss Croker, Lieutenant Governor Sheehan, Next-Mayor Gilroy and other leaders of the wigwag are in the seventh heaven of earthly bliss today. Their exuberance knows no bounds, and already there is a great deal of talk about the part Tammany intends to play four years hence.

"The democrats can't deny us the right to name the next president now," said an enthusiastic tiger. "And we will name him, too. His name is Hill."

A good deal of surprise is expressed in Tammany circles that Elkins, Hill's

home, gave 300 more republican votes this year than it did in 1888, and a majority of 600 for Harrison. Democrats don't know just what to think, except that the republicans in that town were more active than the democrats and made a special effort to capture it.

Grover Cleveland went to bed at 4:25 o'clock this morning. He was the last one to leave the telegraph instrument at his home, No. 12 West Fifty-first street, that brought him news of his election over a private wire. The last telegram he received came from San Francisco, Cal. It assured him that California would enter the list of democratic states this time. Besides the election returns many telegrams of congratulation came to Mr. Cleveland over his private wire. They began to pour in before 12 o'clock, when it became apparent that there had been a landslide of votes for the democratic ticket. Besides Mr. and Mrs. Cleveland a number of their friends received the news with them. Among the guests were Senator and Mrs. John G. Carlisle, Mr. and Mrs. E. F. Benedict, Miss Benedict, Mr. and Mrs. Daniel S. Lamont. The following were also members of the party, coming and going during the night: William C. Whitney, Chairman Harrity, Col. Don M. Dickinson, George F. Parker and Charles I. Fairchild. Mr. Cleveland got tired and went to bed before midnight. But at that time it seemed certain that the country had voted against a force bill. By 12:30 o'clock all the women went to bed and left the men alone to figure on the returns. They deserted one by one, and at 4 o'clock this morning Mr. Cleveland was the only person who stood at the cable of the telegraph operator. When he went to bed this morning, only a little before four most persons were getting up, he left word that he was very tired and should be awakened upon no pretext.

At 2 o'clock this morning Mr. Cleveland made a little speech, saying: "This seems to be the hour for rejoicing. We have earned a grand victory. I attribute it to the rank and file of the party and to the splendid management of the national committee."

Wise democrats, who claim to know it all, are already at work fixing up a cabinet for Mr. Cleveland. There are about 300 candidates for the eight jobs. New York, we are told, will get four of them according to present reports. It is generally believed that W. C. Whitney can have any portfolio he wants. He prefers the navy, though he would not decline, it is said, Mr. Blaine's old situation. The other New Yorkers who are prominently mentioned are Richard Croker, the great manager of Tammany, Mr. Grace, the anti-snapper, who prevented the nomination of a rival ticket to Tammany, and W. Bourke Cockran, the brightest light of them all. New York, of course, will have but one place in the cabinet and Mr. Whitney is believed to have the best show. Indeed, it is said that Mr. Whitney has already been named as one of his advisers than any other man in the country. Mr. Whitney has demonstrated his ability as a politician and his admirable management of the navy department proved his claim to distinction as a cabinet minister. Mr. Whitney is reported to be anxious to return to the navy department to carry out some plans projected during Mr. Cleveland's last administration.

That the loyalty of Tammany's chief, Mr. Croker, and the anti-snapper, Mr. Grace, will be recognized in a substantial way there is no doubt; as Mr. Croker occupies an enviable position in the cabinet, it is probable that he would leave it for a cabinet place. Bourke Cockran can make too much money as a lawyer and occupies too independent a position as Tammany's adviser to exchange it for anything except the presidency or the senate. He will probably succeed to Hiseock's seat in the senate, and will be a very successful candidate for the job of running one of the government departments.

Palmer has a very large amount to his credit in the Cleveland ledger. Cleveland likes him personally and fully appreciates what Palmer did for him in the Chicago convention. For a year or two, however, he declined to leave the senate some other Illinois man will be offered a cabinet position; for there is no doubt that Illinois is from now on—to use a bit of slang—"in it with both feet."

ILLINOIS DEMOCRATIC.

The State of Grant and Lincoln Goes
for Cleveland and Adlai.

CHICAGO, Nov. 9.—Returns from nearly all the congressional districts in the state are complete, and indicate that the democrats have elected congressmen in the First, Second, Third, Fourth, Eighth, Twelfth, Thirteenth, Fourteenth, Sixteenth, Seventeenth, Eighteenth and Nineteenth districts and two congressmen at large; republicans in the Fifth, Sixth, Seventh, Ninth, Tenth, Eleventh, Fifteenth and Twentieth districts. The vote in the First district is very close, and it will require the official count to determine the result definitely. The national and state tickets have a democratic majority estimated at 20,000 to 25,000. Democrats have a majority in the senate of 3 and in the house of representatives of 11.

OHIO VERY CLOSE.

It Will Take an Official Count to Settle
the Question.

COLUMBUS, O., Nov. 9.—Tonight the situation in Ohio grows interesting and exciting with the result in doubt. The democratic committee has reports from one county chairman of 34 counties which show a net democratic gain for Cleveland of 14,440. This leaves fifty-five counties to hear from. At the same ratio of increase the state will go democratic, but the republicans hope for a different result and are still claiming Ohio by a good plurality of the vote.

James A. Taylor, a democratic candidate for secretary of state claims his election this evening by 1,000 plurality, while the Hon. S. M. Taylor, the republican, still insists that he is safe. The reports from seven republican county chairmen at the republican state headquarters partially confirm the figures of the democrats.

At midnight the democrats claimed the state for the Cleveland electors by a plurality ranging from 1,000 to 1,500. Republicans concede that it is very

close and will require the official count to decide. Both headquarters have closed for the night.

WISCONSIN DEMOCRATIC.

The Badger State Turned Over to the
Hosts of Democracy.

MILWAUKEE, Nov. 9.—The victory of democracy in Wisconsin is complete. Ed C. Wall tonight claims the state of Wisconsin by 13,000 majority for the democrats. Complete reports from all over the state gave the democrats twelve state senators which, together with fifteen hold-overs, gives them twenty-seven out of thirty-three votes in the senate with the chance of raising this number to twenty-nine. Sixty-six democrats have been so far elected to the assembly and a great number of democratic strongholds have not yet been heard from. This assures the election of a democratic United States senator to succeed Senator Phillett Sawyer. Henry Payne stated tonight he had no returns warranting him in making even a guess of the democratic plurality in the state, but he supposed Beck would have something like 5,000 plurality. Senator Spooner said just before leaving for Madison this evening as soon as he could review the situation and ascertain where the losses and gains were made, he would have something to say to the people before gracefully retiring from the arena.

INDIANA DEMOCRATIC.

The Democrats Will Elect a Senator to
Succeed Turpie.

INDIANAPOLIS, Nov. 9.—Indiana has joined the procession, and is democratic in all branches. Returns are now sufficiently complete to give fairly reliable estimates on all the ninety-two counties of the state. They show that Cleveland has carried it by at least 7,000, and the entire democratic ticket is elected by pluralities in the same neighborhood. The people's and the prohibition parties did not come anywhere near their expectations.

Eleven democrats and two republicans are elected to congress. The legislature is democratic by a majority of about thirty on joint ballot, assuring a democratic senator to succeed Turpie.

HARRITY ON HIMSELF.

He Tells How Cleveland Was Elected
by His Committee.

NEW YORK, Nov. 9.—William F. Harrity, chairman of the democratic national committee, being asked for some expression regarding the election of Cleveland and Stevenson, said: "Of course the members of the democratic national committee are proud of this result and appreciate of the commendation of their efforts by Mr. Cleveland when notified of his election at a very early hour this morning. We have done our very best in a fair and open fight endeavoring to avoid being made the victims of delusions and never seeking to delude others. We think that some mistakes to which this great temptation leads have been avoided and that some good points have been opportunely made. We claim no special merit, however, beyond having tried to faithfully serve our party and the public through energetic and harmonious action. Public sentiment in favor of Grover Cleveland, and which caused his nomination in spite of formidable opposition within our party, elected him over the opposition of our adversaries. Mr. Stevenson has proved an admirable candidate, and beyond question it is to the appreciating of his merits and efforts by those who knew him best that the wonderful success in Illinois is largely due. In the experienced and loyal hands of Mr. Harrison and his vice president, who are to be inaugurated next March, the great trust confided to the democracy by the people of the United States will be entirely safe."

ADLAI REJOICES.

And Tastes the Luscious Fruit of Victory
in Congratulatory Telegrams.

BLOOMINGTON, Ill., Nov. 9.—The results of the election, as received by Adlai Stevenson today at his home, were only a stronger and more certain assurance of his election.

Mr. Stevenson rose at 7 o'clock, breakfasted at 8, after which he read the election news and the numerous messages of congratulation that continued to pour upon him all day. He expressed himself as being well satisfied with the canvass he had made, and acknowledged it to have been a splendid one.

In regard to the tariff he said: "No doubt the tariff will be reduced within a limited extent." He has decided to remain in this city for the next few months, attending to his professional and private business and at present, did not think that he would make a trip east.

Among the callers of the day were the wife and daughter of Congressman Owen Scott, who then realized that Mr. Scott was defeated. Misses Julia, Mary and Lettie Stevenson, with their mother, received intimate friends in the front parlor during the afternoon, while Lewis Stevenson assisted his father.

CONGRESS DEMOCRATIC.

The Victors Will Have a Clean Majority
of 83 Over All.

WASHINGTON, Nov. 9.—The republican Waterloo is not confined to the presidency alone. The present indications are that both branches of congress will be democratic. This will give a democratic United States senate for the first time since the war, and will make every branch of the law-making power democratic.

There is no doubt as to the complexion of the next house of representatives. It will again be overwhelmingly democratic. Lawrence Gardner, secretary of the democratic congressional committee, places the members of the next house as follows: Democrats, 218; republicans, 122; third party, 14. This gives the democrats the handsome majority of 83 over both branches of the opposition.

The republican managers concede that the house is democratic and their only hope is to reduce the majority. The most significant feature of the returns is the virtual disappearance of the third party.

It is not yet absolutely certain that the senate will be democratic, but the democrats carry as many legislatures as they have carried states for Mr. Cleveland, the small republican majority in the present senate will be wiped out and Vice President Stevenson will preside over a democratic body.

McClaghy and the Anarchists.

Chicago, Nov. 9.—What the police consider a plot to placard the city with

anarchist notices was blocked Tuesday night by the arrest of August Weiss, Chief McClaghy thought a move would likely be made on election night when the police were busy. Weiss' house at No. 360 Maxwell street was one of the places watched. He was arrested as he was starting for a meeting on Blue Island avenue. In his possession were found packages of incendiary circulars and red flags. Weiss was taken to the central station, but was released on parole today.

California Returns.

SAN FRANCISCO, Nov. 9.—According to returns counted in this city this far, Cleveland will have a plurality of about 7,000. Returns are too meagre to say with positiveness, which electoral ticket has carried the state, but indications are that Cleveland's plurality in this city will be overcome by Harrison's plurality in other parts of the state, and that latter will probably carry the state by a plurality considerably less than that of a year ago. Weiss' votes were somewhat larger than expected. The legislature is still in doubt, but will probably be republican on joint ballot. The democrats will in all probability carry four congressional districts, the first, second, fourth and sixth, and the republicans the remaining three, although the vote is close in the seventh district, with chances in favor of the republican candidate.

In Alabama.

BIRMINGHAM, Ala., Nov. 9.—Incomplete returns of the sixty-six counties, place Cleveland's majority at nearly 25,000. Complete returns have come from only a few counties. Cleveland made big gains on democratic vote at the Augusta state election. Chairman Snellley of the democratic committee says Cleveland's majority was not far below 20,000. Enough returns have been received to insure the following congressmen: Clark in first district, Oates in the third, Robbins in fourth, Bankhead in sixth, Wheeler in eighth, Turpin ninth. Second, fourth and seventh districts close, and in doubt. Chances in favor of democrats in seventh and fusionists in other two.

Colorado Returns.

DENVER, Colo., Nov. 9.—Additional returns tend to pile up the populist majority in Colorado which will be anywhere from 5,000 to 7,000 with Waite, populist candidate for governor, probably 3,000 votes behind his ticket. Pence, populist, is elected to congress in the first district by 1,500 to 2,000 majority and Bell, populist, is elected in the second district by 3,000 to 4,000 majority. The populists will have control of the senate. Long term senators elected will have a vote in the session of 1893 for United States senator. Chairman Vandeventer of the republican committee concedes the election of Osborne for governor and Clark for supreme judge. He claims the legislature on joint ballot and the election of Clarence Clark to congress by 300. Chairman W. H. Harrison of the democratic committee says the democrats and populists have ten majority in the legislature and have elected Osborne governor, Clark supreme judge and Coffey congressman by a majority of 500.

Osborne, Wyoming's Governor.

CHEYENNE, Wyo., Nov. 9.—It will require an official count to decide if Wyoming is for Harrison or Weaver. The majority will not be 100 either way. Chairman Vandeventer of the republican committee concedes the election of Osborne for governor and Clark for supreme judge. He claims the legislature on joint ballot and the election of Clarence Clark to congress by 300. Chairman W. H. Harrison of the democratic committee says the democrats and populists have ten majority in the legislature and have elected Osborne governor, Clark supreme judge and Coffey congressman by a majority of 500.

Horses Burned.

NEW YORK, Nov. 9.—Thirty-two horses belonging to the Riverside stables, Nos. 305 and 307 West One Hundred and Twenty-eighth street, were burned to death last night. The building, a four-story brick structure, was gutted. The two upper floors of the structure, which had furniture, the place being known as the Riverside Furniture Storehouse. All the furniture was burned. The flames communicated to a stable adjoining, which was also slightly damaged. The total loss is placed at \$60,000.

North Dakota Republican.

ST. PAUL, Minn., Nov. 9.—Returns up to 10 p. m. indicate that North Dakota has gone for Harrison by about 1,200. Sheldon, republican, is elected governor. The legislature will have a small republican majority. Both republican congressmen are elected. Contant goes for Harrison by 500, and the republican ticket is elected. The legislature will have a democratic majority. Dixon, democrat, is defeated for congress by about 1,200.

Kansas in Doubt.

TOPEKA, Kas., Nov. 9.—Late returns tonight make it certain that the legislature is anti-republican by at least twenty majority. Estimates by the people's committee elect Weaver electors and people's state ticket by over 10,000 majority. Republicans deny these claims and say that Harrison and the republican ticket will be elected by 500 majority. The result is so close that official count will probably be required to decide it.

Texas Goes for Hogg.

DALLAS, Tex., Nov. 9.—Texas has elected Hogg for governor by a small plurality. Clark doubled his following since the anti-state conference canvass. Nugent, populist, for governor, probably gets 100,000 out of a possible total of 300,000. The democratic candidates for congress returned, except possibly Gresham in the Galveston list.

Jerry Simpson Re-Elected.

WICHITA, Kas., Nov. 9.—The seventh congressional district is conceded to Jerry Simpson, fusionist, by about 700 majority. This means a republican gain over two years ago of upwards of 7,000.

Bought Silver.

WASHINGTON, Nov. 9.—The treasury department today purchased 200,000 ounces of silver as follows: 200,000 ounces at \$160. The offers were \$75,000 ounces. The silver purchases for the month, including today, aggregates 2,235,000 ounces.

Will Bring the Vatican Representative.

WASHINGTON, Nov. 9.—A dispatch was received at the navy department today announcing the arrival of the S. S. *Spina*. She will probably return to the United States with the Vatican representative to the world's fair.

Minnesota and the Dakotas Win.

ST. PAUL, Nov. 9.—Minnesota has chosen all of the nine Harrison electors—five by 15,000 and four by 8,000. The fusion electors actually ran behind the democratic electors in St. Paul and Minneapolis. The republicans elect six congressmen and the

democrats one. The legislature is still in doubt. The republicans elect the governor and both congressmen in South Dakota, and the Harrison electors win by 2,000; the legislature is still in doubt. In North Dakota the Harrison electors win by a few hundred. Johnson, republican, is elected to congress. The legislature is in doubt.

Result in Virginia.

RICHMOND, Va., Nov. 9.—During the election yesterday a democratic challenger and a republican supervisor and four deputy marshals were arrested, charged with interfering with the election. Both sides say this morning that they intend to prosecute the cases to the fullest extent of the law. Congressman Wise, dem., was re-elected by 7,000 majority. Nine democratic congressmen are elected. The fourth district is doubtful, with probabilities in favor of Epes, sitting democrat, over J. Thomas Good, third party. C. C. Clark, the newly appointed United States marshal for this district, in place of Farr, deceased, qualified this morning before Judge Hughes, with General William Mahon and ex-Judge Waddell on his bond.

To the Victors.

NEW YORK, Nov. 9.—Chairman Harrity of the democratic national committee sent telegrams of congratulations this afternoon to Vice President Elect Stevenson, Edward Murphy, Jr., chairman of the state democratic committee, Richard Croker, Lieutenant Governor Sheehan, Hugh McLaughlin and Thomas H. Pearsall of Brooklyn. The telegram to Mr. Stevenson reads: "The Hon. A. E. Stevenson, Bloomington, Ill.—I need hardly say that you have my warmest congratulations. Your magnificent work throughout the campaign contributed largely to the result. God bless you." (Signed) "W. F. HARRITY."

How New Jersey Went.

TRENTON, N.J., Nov. 9.—The indications tonight are that Cleveland has carried the state of New Jersey by 7,500, and that Werts, democrat, for governor, has been elected by a plurality of 4,000.

The next legislature will stand as follows: Senate—Republicans, 4; democrats, 17. House—Democrats, 36; republicans, 25. The democratic ballot on the joint ballot will be 31, which leaves a net republican gain of four. For congress the republicans have carried the first and second districts and possibly the eighth. The returns from the latter district are still incomplete.

Slight Correction.

BOSTON, Nov. 9.—The Boston News Bureau says: "The Union Pacific officials admit that the company has accumulated \$3,000,000 in cars, but are not inclined to estimate as to what is earned upon the stock. The Chicago office corrects its statement for October. St. Louis and San Francisco for the month should read \$975,600 instead of \$955,600, making an increase of \$31,374 instead of \$11,374, and making the total aggregate for the system for October \$1,929,508, and the increase \$212,020 instead of \$192,011."

Asphyxiated by Gas.

SAN FRANCISCO, Nov. 9.—J. Doyle and wife, an old couple who registered at the Continental hotel last Tuesday from Davenport, Iowa, were found dead in their bed this morning, having been accidentally asphyxiated by gas. Doyle formerly lived in this state and made a fortune here. In 1862 he went farming on a large scale near Davenport, and came here only a few days ago with the intention of spending the winter. The couple were between 60 and 65 years of age and leave a grown up family in Iowa.

Canada Welcomes Free Trade.

OTTAWA, Ont., Nov. 9.—The Citizen (government) says of the result and the presidential election: "We may be grateful at the prospect of a diminution of the duties levied on Canadian goods. Apart from the commercial aspect of the question, the democrats cannot be more unfriendly to Canada than the government of Mr. Harrison has been, and we may hope for an improvement in that respect."

"What's the Use?"

NEW YORK, Nov. 9.—Joseph H. Manley, the main member of the republican national committee was seen at the Fifth avenue hotel. Being asked to give views on the result of the election, he replied: "What is the use. It is all over. I am convinced that we are beaten. I thought so last night. I have no hope in Illinois, Indiana and Wisconsin."

Iowa's Ten Representatives.

DES MOINES, Ia., Nov. 9.—The returns so far received indicate a republican plurality of 22,000 in Iowa on electors. The state ticket runs a little behind. The republicans elect congressmen in the first, second, third, fourth, fifth and sixth districts. Walter I. Hayes of the second is the only democrat elected. The people's party vote will reach 35,000 and the prohibition vote 8,000.

Will Contest.

BIRMINGHAM, Conn., Nov. 9.—The republican will contest the election of W. Randall of the party, to the legislature. Randall defeated Allen with Page, speaker of the lower house, by thirteen votes. The republicans claim that T. McDonald, a counter, exchanged the republican tickets for people's party tickets.

In Bleeding Kansas.

KANSAS CITY, Mo., Nov. 9.—At 8:30 o'clock indications are that the republicans have elected in Kansas on the first, second, fourth and seventh districts and at large. Fusionists have again on fire last night. The two lower floors and basement are occupied by Rice, Kendall & Co. and are filled with paper stock; the third floor is occupied by W. S. Best & Co., job printers. The fourth and fifth floors by S. E. Abbott & Co., book binders; the sixth floor by the Boston Mailing company. It was on this floor that the fire ignited. It was confined to the two upper floors and speedily extinguished. Losses are estimated at about \$60,000.

North Carolina Congressmen.

RALEIGH, N. C., Nov. 9.—Congressional returns show so far complete as to show positively that the democrats have elected congressmen in all districts, save the fifth. Williams, democrat, has 400 majority, with one county to hear from; which usually gives a small republican majority.

Illinois Democratic by 10,000.

CHICAGO, Nov. 9.—The latter returns do not abate in any way from the decisive democratic victory in the state of Illinois on the national and state ticket. Conservative men of all parties now generally agree that the democratic plurality in Illinois will be apparently 10,000.

Chicago Failures.

CHICAGO, Nov. 9.—The Porter Boiler Manufacturing company, doing business in South Chicago, made a voluntary assignment in the county court to

William Penn Smith, the assignee. Assets are placed at \$25,000 and the liabilities amount to \$95,000. The failure is due to a loss in business.

An assignment was also made by the Empire Coal & Mining company. According to the petition filed by the assignee the assets are worth \$60,000 and the liabilities are about the same.

Not for Several Days.

WASHINGTON, Nov. 9.—In response to an inquiry at the census office this morning, a reporter was informed that there would not be any more preliminary reports issued on the manufacturing industries of the various cities for several days.

Weaver's Nevada Plurality.

VIRGINIA, Nev., Nov. 9.—Weaver's plurality in this state is indicated to be 5,000. The democratic and republican vote was light.

WORKED THE GAME.

The Atchison and Nickel Plate Com-
panies at War.

CHICAGO, Nov. 9.—The Nickel Plate has awakened up an ugly customer by scalping Atchison tickets. The deal was worked by means of prepaid ticket orders of a skeleton form, issued by the Nickel Plate. The orders were, of course, supposed to be issued by the Nickel Plate to its own passengers, who wished to go west to some point on the Atchison. In this way the passenger got the benefit of the through rate, but secured his Atchison ticket in Chicago instead of originally buying a coupon ticket to the Atchison point. These orders being made out in blank, could be made good to any point on the Atchison, and are exchanged at any office for the ticket for which the order calls.

The money for the deal was supposed to be in the Nickel Plate treasury and of course was remitted by that road on receipt of the order from the Atchison auditor. But a clerical error showed the money was not in the Nickel Plate treasury unless scalpers paid in advance for their block of orders. All of them were, of course, dated in Cleveland, but a block was sent to the Chicago end of the Cleveland scalping firm and, of course, all orders sold here were dated back a day or two to allow the hypothetical passenger to get here from Cleveland.

NEW ORLEANS STRIKE.

Government Takes Charge of the Troops
and the Situation.

NEW ORLEANS, Nov. 9.—The strike continues and both sides remain firm, but so far no violence has been reported. The governor still continues apprehensive, however, and will probably take charge of the city before tonight, as the city authorities cannot cope with the lawless element should an outbreak occur at this critical time. His excellency has had long conferences with the military men and the militia is being got into readiness. The governor conferred with the mayor and representative merchants this morning, and as a result the money to put the militia in the field will probably be subscribed by citizens. Many freight handlers went out this morning and this had the effect to still further cripple the commerce of the city. What steps will be taken to fill the places of the strikers have not yet been made known. The Illinois Central, Mississippi Valley, Texas Pacific and Northeastern roads are affected, and the only road on which no strike has not yet been reported is the South ern Pacific. The cotton market has not yet gone out. The strikers assaulted newspaper carriers throughout the city this morning and tore up their papers. A number of arrests were made.

ATTEMPTED JAIL DELIVERY.

Prisoners in the Omaha Jail Make Things
Very Interesting.

OMAHA, Nov. 9.—Some thirty prisoners confined in the Douglas county jail broke into a mutiny at about 6 o'clock this evening. Sheriff Bennett was away at the time, but arrived before the trouble was entirely over. At 6 o'clock the prisoners refused to enter their cells to be locked up for the night, and breaking up their benches began to smash the windows. At the same time made to smoke them out, but the failing, two streams of water were turned on the mutineers. This brought them to time and they were secured without further trouble. The prisoners claim that the trouble arose over the treatment accorded them. The authorities claim that it was an attempt at wholesale jail breaking.

ANTON WEISS RELEASED.

Distributor of Anarchist Circulars Prom-
ises to Behave Himself.

CHICAGO, Nov. 9.—Anton Weiss, who was arrested last night for distributing anarchist circulars, was released today after he had been questioned by Chief McClaghy and Assistant Chief Hubbard. Corporation Counsel Miller gave it as his opinion that a case could not be made out against him. To Chief McClaghy and Mr. Hubbard Weiss he said he had received the posters from a man whom he did not know. He denied that he was an anarchist, but admitted that he was a nihilist. He said he was employed as an assistant engineer and worked every day. He promised not to attend any more anarchist meeting.

Miller Killed at Boston Damaged by Fire.

BOSTON, Nov. 9.—The six-story Miller block on Federal street, which was damaged by fire three weeks ago, was again on fire last night. The two lower floors and basement are occupied by Rice, Kendall & Co. and are filled with paper stock; the third floor is occupied by W. S. Best & Co., job printers. The fourth and fifth floors by S. E. Abbott & Co., book binders; the sixth floor by the Boston Mailing company. It was on this floor that the fire ignited. It was confined to the two upper floors and speedily extinguished. Losses are estimated at about \$60,000.

Just a Trade Short.

BREXID, Nov. 9.—The session of the Prussian diet today was opened with a speech from the throne. The government announces that there is a deficit of 40,000,000 of marks in the revenue, as estimated, for 1893, and that the amount will be raised by a loan. In the Eastern District a Democratic
elector at large has been chosen and in
the western a republican. The republi-
cans claim 22 members of the state
senate.

The republican state central committee claim all the congressional districts except the first and sixth. The democrats claim districts 1, 2, 3, 4, 5, 7, 8 and 10.
